

OVERVIEW

ASTARO SECURITY GATEWAY

Astaro All-in-One Internet Security

Securing over 100,000 networks in 60 countries, the award-winning line of Astaro™ Security Gateways protects against the endless number of viruses, spam and hackers that threaten to compromise network security today. Astaro Security Gateways are powerful modular solutions that simplify IT managers' tasks to implement the mission critical security functions necessary for optimum network protection.

Protecting Networks

Stateful Inspection Firewall
Manages time-based network access.

Intrusion Prevention
Allows in-depth filtering to protect against more than 8,000 attacks.

Remote Access & VPN
Securely connects remote workers and branch offices.

Securing E-mail Traffic

Antispam & Phishing
Blocks unwanted e-mail and prevents data leakage using the latest techniques.

Dual Antivirus Protection
Catches viruses in POP3, SMTP, and Webmail with two independent scanners.

Transparent Encryption
Signs and encrypts e-mails with TLS, OpenPGP, or S/MIME - clientless!

Filtering Web Access

URL Filtering
Controls web surfing by blocking over 35 million sites in 96 categories.

Antivirus & Spyware
Filters and scans all FTP, HTTP and HTTPS web traffic.

IM & P2P Control
Manages Bittorrent, Skype, ICQ, MSN and more.

Intuitive Management

Extensive Reporting

The Astaro Difference

- > With its open architecture, Astaro has innovated All-In-One Internet Security for more than 10 years.
- > Astaro's Essential Firewall empowers every business to securely connect to the Internet - for FREE!
- > Only Astaro appliances are available in three different types: As hardware, software, and virtual appliances. Integration into existing infrastructures has never been easier.

Essential Firewall

Each Astaro Security Gateway comes with a free Essential Firewall base functionality, offering the following fundamental security functions to protect any business network:

- > **Networking:** Internet Router, Bridging, DNS server & proxy, DynDNS, DHCP server & relay, NTP support, automatic QoS
- > **Network Security:** Stateful Packet Inspection Firewall & Network Address translation (DNAT/SNAT/Masquerading)
- > **Remote Access:** PPTP and L2TP over IPSec support (including iPhone support)
- > **Logging/Reporting:** Full logging on local hard drive, searching, real-time reports for hardware, network usage and network security, daily executive reports
- > **Management:** Web-based GUI in local languages, setup wizard, configuration backup & restore, administrator notifications, SNMP support, centralized management via Astaro Command Center

Applications

To further enhance the functionality of your Astaro Security Gateway platform, you are free to add any combination of the following applications:

Network Security

Adds an Intrusion Prevention System, DoS Protection, IPSec & SSL Branch Office VPN and Remote Access, Advanced Routing (OSPF, Multicast), custom QoS, server Load Balancing, generic/SOCKS/IDENT proxies and VoIP Security.

Mail Security

Keeps your inbox clean and protects your SMTP and POP3 mail traffic by offering features like Antispam, Antiphishing, dual Antivirus Scanning, clientless E-mail Encryption and individual UserPortals.

Web Security

Protects your network from web-based threats and allows you to manage user roles by offering features like URL Filtering, Spyware Protection, Antivirus Scanning, HTTPS Scanning, IM/P2P Control and User Reporting.

With any application you also get additional features like Advanced Networking (Link Aggregation, Uplink Balancing, Multipath Rules, Policy Rules), High Availability and Clustering, Remote Logging, Advanced Reporting, and much more.

24 x 7 Service Offerings

Support

Award-winning customer support offerings include 24x7 technical assistance and 24h appliance replacement.

Security Response

Astaro's 24x7 Up2Date Security Response Service keeps networks protected and secure at all times.

Training

To maximize administrator productivity, free, self-paced training is available on the web along with regularly-scheduled live seminars.
